SPARTA – Russel Sakowych, P.E., has joined CP Engineers & Architecture as Sr. Project Manager.

He is responsible for the engineering in the areas of electrical, mechanical, and plumbing. Sakowych is a Licensed Professional Engineer with over 40 years of extensive experience in the electrical and mechanical engineering fields.

During his career, Sakowych has worked on nuclear plant instrumentation and controls with PSE&G, plant engineering with American Hoechst Pharmaceuticals, and as a consulting engineering with F.R. Holtaway.

Sakowych's experience includes design and construction oversight services for industrial, mission critical, educational, commercial, pharmaceutical, and water/wastewater projects.

Sakowych earned his B.S. in Electrical Engineering and MBA in Management from Fairleigh Dickinson University.

"We are very excited in having Russ join us as a part of our team and family," said Joe Toscano, one of the Managing Members of CP Engineers & Architecture. "He brings a tremendous amount of engineering experience to the organization, in the fields of mechanical, electric and plumbing. All of us at CP Engineers & Architecture, and our clients, truly appreciate the value that Russ brings."
