## These are N.J.'s Best Places to Work for 2016

By NJBIZ STAFF, February 18, 2016 at 3:00 AM - Last modified: February 18, 2016 at 9:16 AM

What makes an employer one of the Best Places to Work in New Jersey? There are many factors, but one that all of these honorees have in common is a dedication to their employees' professional growth and quality of life. Their concern for their workers' well-being is reflected in surveys filled out by employees that become a key factor in determining award winners, along with an employer benefits and policies questionnaire.

Best Places to Work in New Jersey is managed by Best Companies Group and winners will be honored by NJBIZ at a special ceremony April 19 at iPlay America's Event Center in Freehold.

Winners are initially announced alphabetically, in two categories: small and medium-sized businesses, and large businesses.

At the ceremony, a final ranking will be unveiled, and the New Jersey business community will learn not just which are the Best Places to Work, but which is the very best in 2016.
