Year Founded: 2012

Founded in 2012, CP Professional Services is an employee-based family of companies that provides single-source services to meet all of its customers' needs. The company's objective is to ensure that its clients have the best possible outcomes, service and experience, work is done on time and always within budget. CP Professional Services is comprised of the following organizations:

1. **CP Life Sciences** provides quality, compliance and validation services to companies in the life sciences industry (pharmaceuticals, biotech and medical devices), as well as nutraceuticals and cosmetics. Our services include: commissioning, equipment qualification, PDMA compliance, computer system validation, 21 CFR Part 11 compliance, risk assessments, gap analyses, audits, consulting and GMP remediation and compliance, and facility decommissioning.

2. **CP Engineers** provides engineering services to the public and private sector, including the life sciences industry, governments and municipalities, educational institutions, energy and utility companies, manufacturing, the food and beverage industry, and the industrial/specialty chemical industries. Engineering services cover a multitude of projects involving site/civil, land-use planning, mechanical, electrical, plumbing, permitting, water systems, wastewater, solid waste, environmental sciences, regulatory compliance and project management.

3. **CP Architecture** provides architectural services to the life sciences industry, governments and municipalities, educational institutions, industrial companies and private industry. Services include feasibility studies and building analysis, egress studies, ADA Solutions, schematic and design development, sustainable design, master planning, and new buildings and additions.

4. **CP Construction Management** provides construction

management services to the life sciences industry, governments and municipalities, educational institutions, energy and utility companies, industrial companies and private industry.

CP Professional Services was founded by its three managing members: Joe Toscano, MBA; Ray Roggero, MBA; and Stan Puszcz, P.E. The three owners served as senior executives in the life sciences, engineering and architectural industries. Managing Member Joe Toscano says, "The company was founded on the principle of providing exceptional customer service and a work experience beyond what is currently being offered. Our work is always completed on time, within budget, and we are very competitively priced. The owners are personally involved in every project to ensure that our clients' goals and objectives are met and, most importantly, that our clients are completely satisfied. We pride ourselves on becoming an extension of our clients' teams, as well as trusted partners to their organizations. We strive to make our customers' jobs easier so that they can concentrate on the aspects of their work that are most critical to them."

The owners strongly believe in giving back to the community. They serve as uniformed leaders for the Boy Scouts, are members of the Knights of Columbus and sit on the boards of 12 nonprofit organizations.

"Giving back to the community is essential, and we're proud to be a part of it," says Puszcz. CP Professional Services also offers its employees health care, vision and dental benefits, flexible work schedules and a substantial 401(k) company match. "Our employees are our most important resource, and they are our family! We work hard to ensure they are happy, engaged and have opportunities for growth and advancement," says Roggero. CP Professional Services is currently engaged in projects regionally, throughout the United States and internationally.
